(U//FOUO) Picture Perfect Position

FROM: SIGINT Communications
Unknown
Run Date: 10/06/2003

(S) Looking for an opportunity to partner with imagery and geospatial analysts to help form a complete picture of what is actually happening with targets and to develop comprehensive analytic product in support of issues such as the Global War on Terrorism, Information Operations, Counter-Proliferation, and direct warfighter operational tasking?

NSA/SIGINT Development Strategy and Governance is looking for an Intelligence Analyst to immediately fill a new integree position in NIMA's Information Operations/C4I and Underground Issues Division (NIMA/PTRI).

POSITION TITLE (WORK ROLE): SRTD Analyst
MANAGEMENT LEVEL: Nonsupervisory
SKILL COMMUNITY: Intelligence Analyst
FUNCTIONAL TITLE: SIGINT Development Analyst
EMPLOYMENT CATEGORY: FULL TIME
GRADE(S): GG12-GG13
ADDITIONAL BILLET INFO: Position # will be identified at time of selection
MISSION ELEMENT: SSG
SITE ANONYMITY CLASS: N/A
LOCATION: DIAC, Bolling AFB; position may move to Washington Navy Yard, DC in Spring 2004
REPORT DATE: ASAP
PHYSICAL REQUIREMENT: No
INCUMBENT/RODA: N/A
LENGTH OF TOUR: 2 years
SOCIAL RESPONSIBILITIES: No
INFO ON POSITION: ███████████ █████████████████, ██ S112, NIMA Account Manager
INFO ON ENTITLEMENTS: ████████ ███████████████ ██████, MD7/Field Human Resource Service Center
INFO ON ADVERTISEMENT: ███████ █████████████, ██, S214P, A&P; Deployment Services
SELECTION OFFICIALS: ████████, ████████████████, ██████ (Chief of Staff, SSG) and ███████, ███████ (Chief, NIMA/PTRI Div., Bolling AFB, DC)

(S) In this position, you would be responsible for: performing analysis of C4I-related networks (this type of tailored analysis will require a SIGINT Development technical background) to assist in determining the function of communications networks and how they operate; working with NIMA analysts to define the purpose and function of items found in imagey; and mentoring NIMA analysts on the capabilities of the SIGINT system and the types of questions they should be asking while learning more about imagery and its possibilities to augment SIGINT. You will be directly integrated into the analytical workflow of the Information Operations workcenters as part of NIMA's analytic team and partner on the publication of any product that you participate in developing.

DUTY SCHEDULE: Monday-Friday, AWS

QUALIFICATIONS/EXPERIENCE: (S) Applicants should have previous experience in SIGINT Support to Information Operations and/or a strong Signals Research/Target Development background in analyzing technical aspects of communications systems to include microwave, SATCOM, VHF, coaxial cable, Internet points-of presence, and fiber-optic lines. Previous collection and/or tasking experience would be valuable. Strong written and verbal communication skills are critical.
